

PORTABLE AIR CONDITIONER BREZZA FRESCA

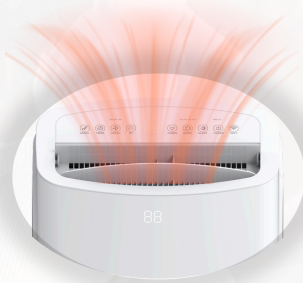

Key features:

FAST COOLING

It's really fast and cool.

HEAT PUMP

Heating pump system is an excellent alternative for the traditional electrical heating system. This is because the heating method is more energy efficient. The indoor air is more fluid, so the heating rate is faster.

DEHUMIDIFICATION MODE

When there is moisture in the room, the dehumidification mode can be selected for dehumidification.

WATER AUTO-EVAPORATION

Self evaporating portable airconditioner (This is why you need one)...That's because this ultra-cool type of AC unit efficiently re-evaporates all the moisture it condenses from the air and expels it straight out of the exhaust hose to the outside.

Key features:

SLEEP MODE

Low Noise
Energy Conservation
Save Money

SOFT TOUCH PANEL

Effortless control is at your fingertips. The soft touch panel provides a smooth, modern interface, allowing you to easily adjust all your settings with a simple tap.

WIFI CONTROL

With WIFI control , you can easily turn on and off the airconditioner and dehumidifier via smartphones even when you are away from home.

DUAL MOTOR

Our portable AC features an innovative Dual Motor design that uses separate motors for the compressor and fan. This allows the unit to cool your space more powerfully and efficiently while operating with less noise than a traditional single-motor unit.

12000BTU PORTABLE AIRCONDITIONER

Model Number	JHS-A018-12KR2H/E
Cooling Capacity (BTU)	12,000
Power Supply	220-240, 50HZ
Rated Input (Cooling)	1350W
Rated Input (Heating)	1020W
Rated Current (Cooling)	6.0A
Rated Current (Heating)	4.5A
Refrigerant	R290
Dehumidify Capacity	56L/Day
Air Circulation	400m ³ /h
Body Size (mm)	420*360*720
Carton Size (mm)	477*404*867
Net Weight	27 kg
Gross Weight	30 kg
Application Area	18-26 m ²
Control Type	Remote Control
Accessories	Exhaust pipe+Window kit+Adaptor+Remote Control

ACCESSORIES:
